**DON'T BE AFRAID TO CALL
FOR HELP FOR YOU
OR YOUR FRIENDS!**

YOU WILL BE PROTECTED!

NYS 911 Good Samaritan Law

Protects you from arrest even if you shared the drugs or possess a kit or works. *(These protections do not extend to outstanding warrants, drug sales or other non-drug crimes.)*

Your local Town Police Department and the Monroe County Sheriff can assist individuals on their path to recovery by directing them to the appropriate service provider.

NEW

Open Access

1350 University Avenue
Rochester, NY 14607

(585) 627-1777

Thursday/Friday/Saturday
4:00-10:00 p.m.

Collaboratively staffed by RecoveryNet OASAS Certified Treatment Providers to determine appropriate level of care, to identify first-available treatment slot and to arrange for transportation to that site if needed.

Monroe County Opioid Task Force

In response to the current Opioid Epidemic, we seek a comprehensive multi-sector response with approaches that include prevention education, treatment, recovery, and enforcement strategies.

We seek to ensure that individuals and families impacted by the disease of addiction, have full and complete access to prevention, treatment and recovery services on par with coverage equal to that of other diseases, thus removing the stigma surrounding the disease of addiction.

Opioid Educational Training:

Request an educational presentation for your school or community group on:

Current Trends –

“The Opioid Crisis and Community Response”

Contact DePaul’s National Council on Alcoholism and Drug Dependence –
Rochester Area:

jfaringer@depaul.org or (585) 719-3480 or
bmcneill@depaul.org or (585) 719-3489
www.ncadd-ra.org

Recommendations:

We encourage you to ask your medical or dental provider the following questions if a narcotic pain medication is discussed:

- Are there risks associated with taking narcotic pain medications?
- How long can I safely take this narcotic pain medication?
- How would I know if I have become addicted to a narcotic pain medication?
- Are there other options or safer alternative therapies to better respond to pain?

Opioid Overdose Training: Using Narcan to reverse an overdose

Request a Narcan training at the following providers:

URMC Strong Recovery

Contact:

Michele_Hermann@urmc.rochester.edu
or (585) 275-1829

Trillium Health Outreach

Contact:

oford@trilliumhealth.org
or (585) 210-4146

Monroe County Department of Public Health

Contact:

Michael Mendoza, MD, MPH, MS
Commissioner of Public Health
MCHEALTH@monroecounty.gov
585-753-2991

These and additional community resources providing Opioid Overdose Training can be found on our website at: <https://www.ncadd-ra.org/news-resources/resources-advocacy-research>.

Additionally, naloxone is available at all major pharmacies in Monroe County through a standing prescription. It is covered by most insurance plans. A separate prescription from your health care provider is not needed. With a naloxone kit and the proper training, together we can work to prevent overdoses in our community!
