[www.ncadd-ra.org](http://www.ncadd-ra.org)

## Recommendations:

We encourage you to ask your medical  
or dental provider the following questions if a  
narcotic pain medication is discussed:

- Are there risks associated with taking  
narcotic pain medications?
- How long can  
I safely take this  
narcotic pain  
medication?
- How would  
I know if I have  
become addicted  
to a narcotic pain  
medication?
- Are there other options or safer alternative  
therapies to better respond to pain?

## Opioid Overdose Training: *Using Narcan to reverse an overdose*

*Additionally, naloxone is available at all major  
pharmacies in Monroe County through a standing  
prescription. It is covered by most insurance  
plans. A separate prescription from your health  
care provider is not needed. With a naloxone  
kit and the proper training, together we can work  
to prevent overdoses in our community!*

*A message from – Michael Mendoza, MD, MPH, MS  
Commissioner of Public Health*
