## Finger Lakes Addiction Resource Center

NCADD-RA's **Finger Lakes Addiction Resource Center (FLARC)** seeks to effectively engage a multi-sector community partnership in the nine-county Finger Lakes Economic Development Region. A primary goal is to identify existing community referral resources, identify any gaps in referral resources and to develop multiple substance use disorder referral resource directories for each county. FLARC promotes substance use disorder community awareness through promotion of training, events and activities offered throughout the nine-county region by our partners.

Bookmark the FLARC webpage to always have access to the most current Directories and Calendar.

Contact us to be added to the FLARC distribution email list to receive periodic updates on regional activities, news, workshops, and initiatives. If FLARC can be of service to your organization or community, please let us know and we will do our best to be of assistance.
