

Monitor, Secure, Dispose

The collective message is simple...

Securely store medications out of reach of children.

Medication lock boxes are available through and provided by the FL PRC to area coalitions.

Dispose of all unwanted or unused medications.

There are several options for disposal...

- Request a Deterra Pouch drug deactivation bag through the FL PRC or your local coalition.
- In Monroe County, visit ecopark at 10 Avion Drive, Rochester.
- Visit www.monroecounty.gov/ecopark/pharmaceutical.php for ecopark hours or to locate local police stations who are also accepting unused medications for safe disposal.

For more information about the FL PRC, to request a medication lock box or a safe disposal pouch, or to find out more about a community coalition near you visit
